ABSTRACT

Aqua Pharmacy was Incorporated in 2019 as part of the Aqua Healthcare Group of companies.

We believe in improving the health and wellness of our neighborhoods through engaging with experiences that provide our customers with the best products, services and guidance; to meet their unique needs.

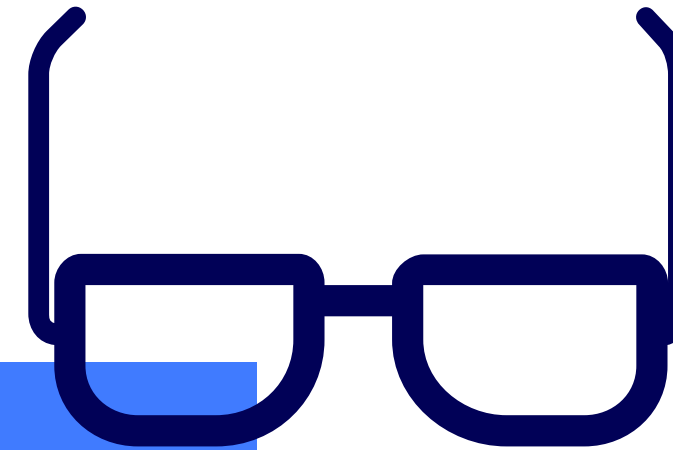

The purpose of Aqua is to create a medical eco-system which can deliver 360-degree healthcare solutions while providing a satisfactory customer experience through our service and retail; using the highest quality products to better your health needs.

Mission:

Helping neighborhoods grow healthier.

Vision:

Aqua's vision is to improve the global healthcare standard by 1%.

Knowing that we have contributed to uplifting global health is the essence of our fulfillment so, our children and families can have a better life in the future is our ultimate dream.

WE UNDERSTAND THE HEALTH OF THE UAE

The UAE has been vulnerable to some of the highest percentages of lifestyle diseases in the world. Workplace stress, coupled with unhealthy eating habits and lack of proper exercise have contributed to an alarming increase in obesity-related diseases.

Obesity

Over 70% of the population in the UAE are obese

Heart Attack

More people get heart attacks at a younger age in the UAE than anywhere in the world

Diabetes

1 out of every 5 resident of the UAE is diabetic

Spinneys

OUR MILESTONES – BRANDS

- 1. Distribution infrastructure running a hub and spoke model, with a hub of 3 locations, each a 1000+ sqft.
- 2. Wholesale to 250+ Pharmacies.
- 3. Delivery of goods within 24 hours.
- 4. Access to credit lines of 50 Million Dirhams (50,000,000 AED).

Standardization & Brand building

- Changing the ambience of our assets in order to provide a cohesive patient experience across our various locations.
- Unifying and standardizing customer service & experience across facilities.
- Centralized guidelines for all marketing.

- Economies of scale.
- Greater bargaining power with suppliers.
- Increased leverage with insurance companies.

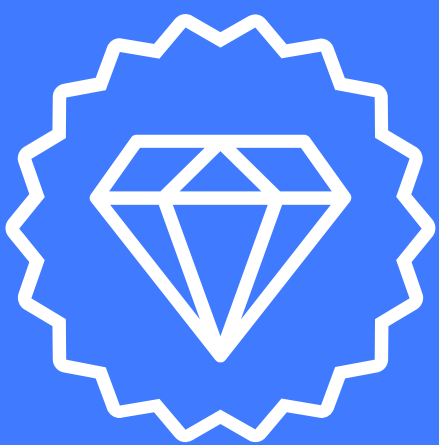

- Sharing medical manpower across facilities to increase utilization.
- Knowledge sharing across facilities --> leading to improved outcomes.
- Centralized support services, eliminating waste of products & time.

- Our Healthcare products and services are chosen by a central purchase committee for the key stakeholders, considering evidence-based results, to ensure quality patient care while adhering to fiscal responsibility.
- Standardized internal control procedures to create a lateral operating mechanism across all our assets thereby, leading to more efficient outcomes.

Our (USP) of Standardization & Brand building

A MESSAGE FROM THE BOARD

We are your neighborhood pharmacy located close by to provide quality products for all your healthcare needs.

Aqua Pharmacy takes pride in keeping superior quality of Prescription Medicines, Supplements, Vitamins, Personal Care, Skin Care, Baby and Child products to better suit you and your family's needs.

When it comes to taking medicine, you should always make sure that the person advising you is licensed. That's why Aqua has qualified pharmacists at our Pharmacies to assist you in making sure you have the right information in making decisions for bettering your health.

We have a variety of brands and products to address all your concerns. At Aqua, we understand it's an extended effort to take care of your health. So, please pay a visit to your local pharmacist for general information, so that falling ill never becomes a worry for your family ever again.

**AQUA,
The Source of Life.**
